

Energy Biography

They have "ENERGY!!!" and lots of it. They are one of the finest corporate entertainment companies in our nation as well as internationally. Energy's performances have taken them to Italy, France, Spain, England, Dubai, Turkey, and Singapore.

Energy is fronted by three to five female vocalists/dancers, each with commanding stage presence and distinct vocal styles, combined with exciting choreography that gives the audience a fantastic visual show.

The band also consists of superb and unique musicians/vocalists, all of whom have dedicated their lives to music. Commercial recording, acting, film scoring, and touring with name acts are just some of the personal accomplishments of Energy's entertainers.

Energy also has a fabulous dance troupe that can be added to any configuration to get the audience up and dancing in a flash.

Energy covers all styles of music for every kind of event and offers production themes and costuming, as well as audience participation including bringing guests on the stage to join in on the fun. Their goal is to reach the audience with their talent, hearts, and professionalism and create a performance that will never be forgotten!
